JETBOIL®
trusted companion

Fueling a World of Exploration

FluxRing® Technology

Jetboil's patented FluxRing® design works like a radiator in reverse to effectively absorb heat from the burner and transfer it directly into the cooking vessel's contents. This both speeds boiling time and doubles heating efficiency, dramatically reducing fuel consumption. The heat is concentrated on the bottom of the cooking vessel, and the cozy covers all hot surfaces for safe handling and food insulation.

Fast and Efficient

Jetboil's FluxRing® absorbs more heat to reduce boil times, and yields fuel efficiencies of up to 80%, compared to 30-40% typical of traditional stoves and cookware. The bottom line: you save weight, money, and reduce your carbon footprint because each canister of fuel boils twice the volume of water. A single 100 gram Jetpower canister boils up to 12 liters of water.

Light and Compact

Jetboil components and accessories, including fuel canisters, nest within the cooking vessels for space-saving storage. Our cleverly integrated lightweight designs allow you to cook almost anywhere. When adding the weight savings and fuel efficient operation, Jetboil is without rival for fast and lightweight use.

Easy to Use

Jetboil cooking systems include all of the elements required for outdoor cooking in a single unit. Burner and cooking vessel are integrated to provide unparalleled functionality and ease of use. Cooking vessels attach securely on the burner base. Assembly and priming are not required: piezo electric igniter lights quickly and easily. Heat level can be easily adjusted from a low simmer to a full boil. After heating is complete, the insulating neoprene cozy and plastic measuring cup allows you to handle and hold your vessel while keeping your food or beverage warm.

Expandable

Jetboil offers a complete range of accessory products designed to enhance your outdoor cooking experience. For the new SUMO™ family, the SUMO Companion Bowl Set increases serving capacity. The high capacity SUMO Titanium Companion Cup provides lightweight expandability and cooking versatility. Enjoy fresh-brewed coffee anywhere with our packable Coffee Press. Accessorize with utensils matched perfectly to your Jetboil cooking system. Cook on a big wall climb or backcountry ski traverse with our Hanging Kit. For the Helios™ System, add the 3.0 Liter Helios Cooking Pot to expand capacity to meet the needs of larger groups.

Designed to fuel your backcountry passion, Jetboil Söl™ delivers ultimate performance and reliability in extreme conditions.

DESCRIPTION

Fuel sold separately

Trust Jetboil Söl to deliver warmth and sustenance wherever and whenever your outdoor pursuits take you. From the company that launched the revolutionary Jetboil PCS, the all new ultra-compact, 10.5 ounce Söl Cooking System is barely noticed in your pack while assuring you're prepared for the toughest conditions. In this true 4-season upright canister cooking system, Jetboil introduces advanced Jetboil Thermo-Regulate™ Burner Technology to deliver consistent heat output down to 20°F (-6°C).

Conceived, tested, and refined in New Hampshire's rugged White Mountains, Söl moves Jetboil performance and reliability light years ahead.

For ultra lightweight requirements, Söl Ti, with a titanium cooking cup weighs an astonishing 8.5 ounces, with full Jetboil performance and efficiency. Ideal for fast and fuel efficient water boiling.

The all-in-one Söl design offers all of the features and functionality of Jetboil's trademark convenient cooking systems, including integrated burner base and 0.8 Liter FluxRing Cooking Cup.

FEATURES

- Thermo-Regulate™ technology - consistent heat to 20°F

SUMO[™]
TITANIUM

JETBOIL

SUMO[™]

An ideal balance of power, weight, speed, and convenience, the Sumo Group Systems are designed to fuel demanding backcountry group outings.

DESCRIPTION

Fuel sold separately

The all new Sumo™ Group Cooking System integrates the all weather Sol burner with the high capacity Sumo Companion Cup, yielding an unmatched blend of power, convenience, and efficiency for the full range of group backcountry cooking chores, from snow melting to simmering.

Larger groups can take advantage of the multiple cooking pot combos offered by Sumo (and the companion bowl set!), while smaller groups can enjoy minimal single pot cooking. Versatile Sumo supports a myriad of packing configurations, and is compatible with the full range of Jetboil accessories.

Sumo Titanium Group Cooking System redefines backcountry group cooking performance, with a 1.8 liter titanium FluxRing cooking vessel weighing in at 6.5 ounces and a total system weight of 12 ounces.

FEATURES

- Thermo-Regulate™ technology - consistent heat to 20°F
- 1.8 Liter FluxRing® cooking cup
- Insulating Cozy and secure strap
- Convenient, reliable push-button igniter
- Pot Support and Stabilizer tripod included
- Drink-through lid with pour spout & strainer
- Compatible with all Jetboil Accessories

 Dimensions: 7.0" x 4.5" diameter, packed.
 (175 mm x 110 mm)

FRYPAN

DESCRIPTION

A long-time standard for outdoor cooking, now updated and improved through the use of Jetboil's FluxRing® technology, which provides incredibly even heating. Plastic base cover doubles as a food preparation / eating bowl.

SPECIFICATIONS

Weight: 10 oz (280 g)
 Dimensions: 8.1" x 2.2" (205 mm x 57 mm)

ACCESSORIES

Coffee Press | COF075

DESCRIPTION

Upgrade your backcountry beverage selection with our feather light Coffee Press. The Stem detaches from the basket so you can stow it in your Flash, Sol or Zip cup. (Not compatible with SUMO systems)

Weight: 0.8 oz (22 g)
Dimensions: 3.9" (10cm) diameter x 5.9" (15cm) tall (assembled)

Jetset Utensil Set | UTNSFS

DESCRIPTION

The ideal utensils for Jetboil cooking systems or meals in a bag. Long handles keep your hands clean, and specially shaped tips scour vessel contours. Handles telescope to store compactly inside cooking vessels or in cozy cargo pocket.

Weight: 1.3 oz (36 g) all 3 utensils
Dimension: 5.2" - 8.5" (130 mm - 215M mm)

Hanging Kit | HNGKIT

DESCRIPTION

Perfect for big wall climbs or back-country ski trips, the Hanging Kit is lightweight and easy to use. The kit attaches securely to your PCS/GCS burner for suspended cooking with any PCS/GCS vessel.

Weight: 1.9 oz (55 g)
Dimensions: 7.1" (180 mm) Packed

Maintenance Kit | MTN100

DESCRIPTION

Make sure your Jetboil stove is operating at peak performance. CONTENTS: piezoelectric igniter.

This Product is compatible with PCS, PCS Classic, GCS.

It is not compatible with Helios, Zip, Söl, Flash systems.

Locking Pot Support & Stabilizer | PST075

DESCRIPTION

The updated locking Pot Support & Stabilizer adapts the Jetboil burner for use with our FluxRing® Fry Pan and 1.5 Liter Cooking Pot, as well as a wide variety of traditional pots and pans. Just twist clockwise to lock the support onto the burner.

Weight: 1.2 oz (35 g) Pot Support
Weight: 0.9 oz (27 g) Stabilizer

ACCESSORIES

CrunchIt™ Fuel Canister Recycling Tool

CRNCH

Jetboil's patent pending CrunchIt™ recycling tool safely vents and preps butane canisters for the recycling bin.

DESCRIPTION

Enjoy butane canister fuel convenience without creating landfill, thanks to Jetboil's CrunchIt recycling tool. Safe, foolproof, and compliant with recycling standards, CrunchIt punctures Jetboil Jetpower® (and certain other) butane fuel canisters, rendering them recycling bin ready and headed for re-melt and reformation.

Do the right thing – reduce your carbon footprint with Jetboil and Jetpower fuel, and Crunch your can.

Empty fuel canisters are recyclable as Tin/Steel

FEATURES

- Lightweight, rugged Stainless Steel Construction
- Safely vents fuel before puncturing
- Useful Jetboil toolkit integrated into CrunchIt handle
- Clips onto carabiner or keyring for convenience
- Bottle opener

Jetpower Fuel 100g 230g 450g

JETPWR-100
JETPWR-230
JETPWR-450

DESCRIPTION

For maximum efficiency and minimum consumption, use our high-performance propane / isobutane four-season blend. Propane provides higher vapor pressure for better performance in cold weather. Isobutane provides more constant pressure as the fuel level gets low. Available in 100, 230, and 450 gram canister sizes!

Jetpower CrunchIt™ Fuel Bundle

JETPWR-CRN

DESCRIPTION

Purchase CrunchIt bundled with a canister of 100gm Jetpower 4-season fuel, so you can have your fuel, and recycle it too! ***Empty fuel canisters are recyclable as Tin/Steel***. Sold in cases of 24.

***Recycling rules vary, please check with your local municipal or county waste facility to ensure full compliance with recycling regulations in your region*

SPECIFICATIONS (CrunchIt Only)

Weight: 1 oz (28 g)
Dimensions: 3.0" x 1.4" (76 mm x 35 mm)

Net Weight: JETPWR-100: 6.8 oz (194 g)
JETPWR-230: 12.9 oz (356 g)
JETPWR-450: 15.9 oz (450 g)

Dimensions: JETPWR-100: 3.5" (9cm) x 2.8" (7cm)
JETPWR-230: 4.3" (11cm) x 3.9" (10cm)
JETPWR-450: 6.8" (15cm) x 4.5" (11cm)

* Empty fuel cans are recyclable with our CrunchIt tool. Check local facilities for recycling info.

ACCESSORIES

JETBOIL® SUMO | SUMOBWL Companion Bowl Set

Adding 1.8 liters of serving capacity, Jetboil Sumo Companion Bowl Set expands Jetboil Sumo System group cooking functionality and convenience.

SUMO System sold separately

DESCRIPTION

The compact and lightweight 3-piece Jetboil Sumo Companion Bowl Set nests invisibly inside any Jetboil Sumo cooking vessel along with all Sumo system components, adding a total of 1.8 liters of serving capacity and completing the ideal backcountry kitchen.

Bowls and lids are constructed from tough and lightweight polypropylene and feature drink thru lids. Color reversible insulating cozies keep food and drinks warm.

Sumo bowl set packs easily in Sumo systems with a 100 or 230 gram fuel, burner base, pot support and stabilizer.

FEATURES

- Two large 23 oz (675 ml) bowls & one small 15oz (450 ml) bowl
- Made from lightweight, durable polypropylene. BPA free.
- Color reversible, insulating cozy on each bowl
- Snap-on, drink-thru lids
- Nests inside Sumo with with burner base, fuel can, stabilizer and pot support
- Evenly portions out 1.8 Liters when used with Sumo measuring cup

SPECIFICATIONS
