THERM-A-REST®

## LEADING COMFORT SINCE 1972.

For over 40 years, Therm-a-Rest has created the greatest outdoor mattresses and comfort accessories in the world. Every Therm-a-Rest mattress is built locally in our factories in Seattle and Ireland and tested to strict durability standards. Our commitments to in-house manufacturing, meticulous quality control and extensive product development have made Therm-a-Rest the leader in outdoor comfort.

---

## NEW FOR 2013

### Therm-a-Rest® Sleeping Bags & Technical Blankets

Sleeping bags are the next logical step in Therm-a-Rest's mission to deliver comfort. Decades of innovation and testing have shown us exactly what makes the best nights under the stars. From this knowledge, we developed a line of sleeping bags with innovative Therm-a-Rest technology that offers better performance and greater comfort than other bags on the market.

### LuxuryLite® Cots

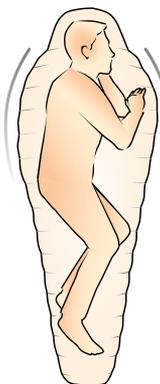

Therm-a-Rest is pleased to introduce another premium line to our portfolio of sleep products. Our new LuxuryLite® cots are an excellent opportunity to reach new accounts, cross-merchandise mattresses, and launch a new platform for growth.

### New Camp & Comfort™ Mattresses

In 2013, we're launching new Camp & Comfort series mattresses and accessories. Our new line includes two new models with award-winning NeoAir technology and another that is the largest, most comfortable mattress Therm-a-Rest has ever created. We're also updating some of our classic mattresses with new materials offering extra comfort.

...THERM-A-REST® SLEEPING BAGS—Better by Design

Therm-a-Rest has studied the science of sleep for more than 40 years. Through cold chamber tests, fieldwork, independent trials and decades of consumer feedback, we know exactly what creates a good night under the stars. Using this knowledge, we developed a line of innovative sleeping bags with greater comfort, less weight and bulk, and a better sleep experience than conventional bags.

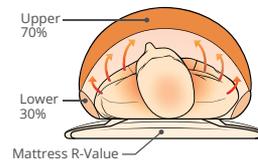

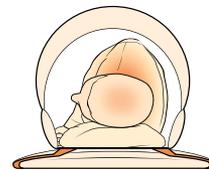

**Efficient Comfort Shape**

Therm-a-Rest sleeping bags are designed with extra space in the torso that allows you to move your shoulders, elbows and hips without restriction. At the head and foot, the bag tapers for greater thermal efficiency. This modified mummy design offers the best balance of comfortable space and consistent warmth.

**Synergy Link Mattress Connectors**

Creating a secure link between your sleeping bag and your mattress eliminates problems with sliding, twisting and cold spots. SynergyLink mattress connectors keep the bottom of your bag positioned on your mattress, while still allowing you to roll and move freely without getting tangled. This patent-pending system stretches to accommodate any mattress up to 25 inches (63 cm) in width.

**Zoned Insulation**

Zoned Insulation provides consistent warmth with reduced weight and bulk. Based on thermal mapping, fill is concentrated in the top of the bag where it provides the greatest insulation. Fill is used sparingly on the edges and underside of the bag, where it is less effective. Your mattress completes the system by limiting conductive heat loss on the underside of the bag.

### Temperature Ratings and EN 13537

Therm-a-Rest is one of the only sleeping bag manufacturers in the US with in-house cold chamber facilities. As a result, our sleeping bags are finely tuned to perform at the appropriate temperature rating. In order to provide consumers with as much information as possible, Therm-a-Rest sleeping bags are also tested to European Norm standards by independent facilities in the US and Europe. EN ratings are available for all applicable Therm-a-Rest sleep products.

© STEPHEN MATERA

**NEW for 2013: LuxuryLite® Cots**

Therm-a-Rest is pleased to add the LuxuryLite® line of cots to its portfolio of industry-leading outdoor sleep products. This new line of cots allows you to camp anywhere—rocky, swampy and uneven ground are no problem when you're four inches above the surface. Unlike conventional designs, our cots are ultra-lightweight, easy to setup and nearly impossible to break. One night on a LuxuryLite® cot will convince you we've found a way to make nights in the outdoors even more restful.

**Light & Packable** LuxuryLite® cots are the lightest, most packable cots available – they're so compact even backpackers carry them.

**Portable Comfort** Our fabric bed offers consistent support without ridges, bumps or sags.

**Durable Construction** The cover is waterproof and stretch-free; anodized aluminum poles and durable nylon feet stand up to heavy use.

**Bow Frame Technology** Our patented bow-frame design eliminates painful crossbars, squeaky joints and broken hardware.

**Three Minute Setup** LuxuryLite® cots assemble in minutes, with no need for tools or superhuman strength.

**LuxuryLite® UltraLite Cot™** NEW

The UltraLite Cot is lighter and packs smaller than any cot on the market. At only 2lbs. 12 oz. (1.24 kg), this cot will open up new opportunities for comfortable nights in the outdoors. Whether you're out fishing for the weekend or riding a dual sport across the continent, the UltraLite Cot offers the comfort you need at a weight and packed size that's impossible to beat.

SIZE	61 X 183 cm (24 X 72 in)
PACKED SIZE	41 X 15 cm (15 X 6 in)
HEIGHT	11 cm (4.5 in)
PACKAGED WEIGHT	1.24 kg (2 lbs 12 oz)
MINIMUM WEIGHT	.9 kg (2 lbs)
MAXIMUM CAPACITY	147.5 kg (325 lbs)
SKU# 06580	MADE IN IRELAND

*Users weighing less than 175 lbs (79.4 kg) can assemble the UltraLite Cot with only four bows, reducing the packed weight and size.*

**LuxuryLite® Mesh Cot** NEW

The Mesh Cot combines LuxuryLite® bow frame construction with a breathable mesh fabric. A full 26 inches (66 cm) wide, the Mesh Cot is a great choice for anyone who wants extra space and comfort. Whether you're camping in arid high country or horse-packing through the Southwest, the Mesh Cot provides breathable comfort in a lightweight, easy-to-carry package.

SIZE	66 X 183 cm (26 X 72 in)
PACKED SIZE	43 X 15 cm (16 X 6 in)
HEIGHT	11 cm (4.5 in)
PACKAGED WEIGHT	1.74 kg (3 lbs 12 oz)
MINIMUM WEIGHT	1.4 kg (3 lbs)
MAXIMUM CAPACITY	147.5 kg (325 lbs)
SKU# 06581	MADE IN IRELAND

*Users weighing under 175 lbs (79.4 kg) can assemble the Mesh Cot with only four bows, reducing the packed weight and size.*

## CAMP &amp; COMFORT

THERM-A-REST®

## CAMP &amp; COMFORT™ SERIES: The Ultimate in Outdoor Luxury

Boasting luxurious features such as soft micro-denier fabrics, plush foams and cushy pillow tops, our Camp & Comfort mattresses make the outdoors more comfortable than ever. Family, car and base campers look no further when a great night's sleep is priority number one.

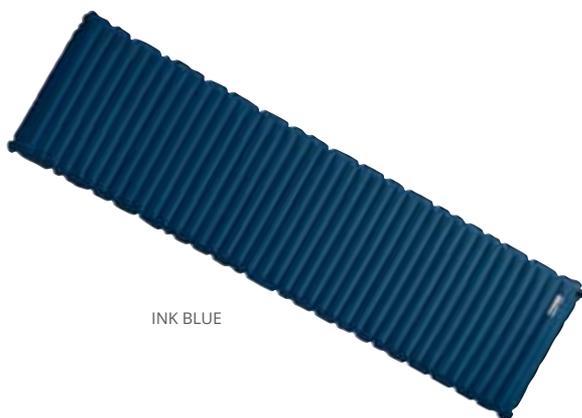

PORT WINE

NeoAir™ Dream **NEW**

We combined the comfort of our popular DreamTime™ mattress with award-winning NeoAir™ technology to create a mattress with the most comfort and versatility ever. A contour hugging open-cell foam topper, covered with a machine-washable microfleece shell, holds a custom NeoAir™ mattress. When stored, the entire package takes up less space than many standard mattresses, and the NeoAir™ mattress can be used separately for lightweight trips. Pump sack and repair kit included.

NeoAir™ Camper **NEW**

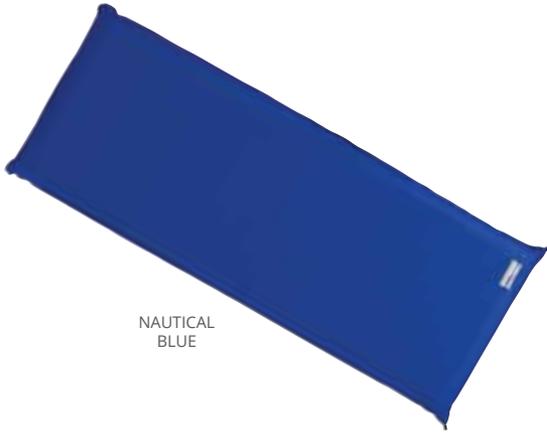

This year, Therm-a-Rest is putting NeoAir™ technology into a plush mattress that's a full three inches thick. In addition to being one of the thickest air mattresses on the market, the Camper features an internal structure that contours to your body and provides support. It's also the most durable NeoAir mattress yet, with greater resistance to punctures and wear than any other model. Despite all of this, the Camper is still lighter and more packable than most of the mattresses you'll find in camp. Stuff sack and repair kit included.

SIZE	COLOR	DIMENSIONS	WEIGHT	THICKNESS	R-VALUE	SKU#

### MondoKing™ NEW

We designed comfort on a massive scale to create this super-sized mattress. The mattress is a full four inches-thick and more than half as big as a standard Queen size. The mattress surface conforms to your contours and a soft fabric shell provides next-to-skin comfort. An ultra responsive foam core gives great support and allows the MondoKing™ mattress to compress to a surprisingly reasonable travel size. Stuff sack included.

SIZE	COLOR	DIMENSIONS	WEIGHT	THICKNESS	R-VALUE	SKU#

### Trail Pro™/ Women's Trail Pro™

The Trail Pro mattress is one of our warmest and most comfortable backpacking models. Diagonal-cut foams bring added warmth by minimizing convective heat loss, while pressure mapping boosts comfort with targeted support and softness relative to the body's contours. Women's versions feature added warmth for cold sleepers. Stuff sack included.

SIZE	COLOR	DIMENSIONS	WEIGHT	THICKNESS	R-VALUE	SKU#

# STORAGE

## Universal <sup>NEW</sup> Mattress Stuff Sacks

These ripstop nylon stuff sacks are sized to fit every mattress in the Therm-a-Rest® line. Each includes a clip loop and end handle for easy unpacking.

## Gear-View™ Dry Sack

Perfect for trailblazing or extremely wet environments, these extra-tough, waterproof stuff sacks protect mattresses with fully welded seams, roll-top closures and 150D polyester. A full-length urethane window makes identifying gear easy.

### NeoAir™ AirTap™ Pump

Turn any bag into a mattress inflation system. Choose the included lightweight plastic bags, or go with a more permanent option—simply pierce the bottom of any air-tight bag with the piercing tip and attach the valve coupler. Loft the bag, seal and roll, filling any NeoAir mattress with near zero effort or additional weight in your pack. An included cap maintains waterproof performance of lightweight stuffsacks with tap permanently in place.

SKU# 03329	30 g (1 oz)
ASSEMBLED IN USA WITH IMPORTED COMPONENTS	

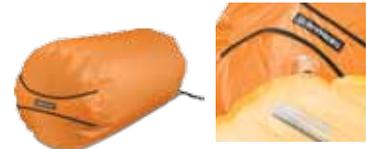

### NeoAir™ **NEW** Mini Pump

Flip it open and watch your mattress inflate. The new NeoAir™ pump, powered by two AAA batteries, inflates NeoAir™ mattresses to the perfect level of comfort in around three minutes. The small, ultralight unit is easy to pack on any adventure.

**WEIGHT** 2.3 oz (with batteries)  
**POWER** 2 AAA batteries  
**LIFE** Approx. 25 inflations per battery set  
**AVERAGE INFLATION TIME** 3 minutes for a Regular mattress

SKU# 06982
MADE IN CHINA
* Batteries not included

### NeoAir™ Pump Sack

This ultralight pump sack fills mattresses with clean, dry air and can be used to convert a NeoAir mattress into a camp chair. The taped 40L pump sack also doubles as a stuff sack or camp seat.
