

GEAR PROTECTION

The idea of SealLine® gear protection is simple: keep your gear safe and dry inside, by keeping everything else outside. Execution is the tough part. That's where 28 years of building protection you can count on really pays off. We've taken RF welding to an art form, here in Seattle, where we still do it today. We learned the nuances of countless fabrics, coatings and technologies, created game-changing innovations, and continue to have our gear tested, proven and lauded on expeditions to the world's most demanding environments. Quite simply, when your customers seek the best, we deliver it.

That's the SealLine difference, and it's worth it.

SEALLINE® WATER PROTECTION RATINGS

Splash-Proof

Withstands the driving rains and light splashing commonly encountered in urban commuting, general travel, beach use, etc.

Waterproof

Constructed with 100% waterproof materials and water-resistant closures, these products deliver protection from the thorough soaking delivered by capsized boats, standing water and the wet environments encountered while rafting, kayaking, and canoeing.*

Submersible

Perfect for withstanding the world's most challenging environments, our most robust protection rating is reserved for products that have been tested to withstand full submersion in 1 meter of water for 30 minutes.

*Not intended for submersion or to provide absolute water protection for electronics and similarly sensitive items.

PACKS

From load-hauling portage packs for expeditions to the ends of the earth, to the simplicity of portable protection for a quick side canyon excursion, our packs reign supreme. They provide legendary SealLine® protection, coupled with an easy-carry convenience that makes even the biggest loads seem a little smaller on your back.

REMOVABLE STRAPS

Easily go from portage pack to a clean and safe low-profile exterior for big water excursions and fly-to destinations.

Pro™ Pack: The ultimate in high capacity, globetrotting gear protection.

The pack of choice for big river running, frequent portaging and worry-free expedition travel. A fully adjustable suspension system can easily be removed for safe river-running, and includes a ventilated and waterproof back panel, shoulder and sternum straps, plus a hefty waist belt for big loads.

- Suspension is adjustable for different torso lengths.
- 30-oz. vinyl bathtub bottom delivers superior durability.
- Closure is secured by side and top cinch straps.

SEA KAYAK GEAR PROTECTION

Water is persistent, always trying to get into places it doesn't belong. So when you're in its element, whether plying the turbulent Bering Sea or paddling in the shadow of the Grand Tetons, having the most reliable equipment is a must. As the recognized leader in sea kayak gear protection, we've pioneered an array of time-tested products—from tapered dry bags and durable deck bags to essential items for personal safety and comfort—all designed to keep you and your gear safe and dry. After all, you can't control the waters you paddle, only how you deal with them.

PURGE VALVES

Waterproof purge valves allow for full compression of sealed bags, saving precious hull space.

KAYAK-SPECIFIC DESIGNS

Our Northwest heritage and experience affords us the know-how to engineer designs that integrate specifically with kayaks to make touring more efficient, enjoyable and safe.

ZIP LIPS™ CLOSURES

Patented splash guard strikes the perfect balance between protection and accessibility in our best-selling deck bag.

Kodiak™ Deck Bag: Watertight deck-top storage.

With a clear urethane window, the PVC-free Kodiak Deck Bag provides watertight protection and easy access to your gear.

- D-rings and bungee cords adapt to most kayaks and provide attachment options for map cases, electronics cases and more.

CLOSURE Roll-down

MATERIALS 200D polyurethane coated nylon body, clear urethane window

MADE IN SEATTLE, USA	

Baja™ Deck Bag: Highly accessible, splash-proof deck-top storage.

Sea Kayaker magazine readers said it's the best. Twice. Waterproof welded seams and a low-profile shape fend off deck-washing waves, while convenient zip access is guarded by our patented Zip Lips™ splash guard and roll-back zipper visor.

- D-rings and bungee cords adapt to most kayaks and provide attachment options for map cases, electronics cases and more.
- Non-corrosive hardware.

CLOSURE Zip Lips™ splash guard

MATERIALS 19-oz. scrim-reinforced vinyl body, 30-oz. scrim-reinforced vinyl bottom

YELLOW	08709
NOT AVAILABLE IN EUROPE	

Baja™ Stern Deck Bag: The answer to over-stuffed hatches.

When you have more gear than hatch space, this expedition-ready bag allows you to stow cargo securely on top of your kayak's stern deck—ideal for light things like a Therm-a-Rest® mattress or additional clothes.

- Attaches easily and shock cords provide additional lash points for spare paddles or pumps.

CLOSURE Dry Seal™ dual-strip roll-down

MATERIALS 19-oz. scrim-reinforced vinyl body, 30-oz. scrim-reinforced vinyl bottom

NOT AVAILABLE IN EUROPE	

Kodiak™ Taper Dry Sack: Multiple shapes fit a range of bow and stern kayak compartments.

These lightweight dry bags are made with tough, low-friction nylon and are shaped specifically to fit tapered kayak bow and stern compartments.

- Low-profile purge valve ensures compressability for the most efficient use of hatch space.

CLOSURE Roll-down

Bailing Sponges: The best way to dry hatches & cockpits.

You can pump and dump all you want; there's always water left behind. Our bailing sponges make the most of every squeeze with the power of highly absorbent foam and PackTowl® Original covers.

- Deluxe sponge features an ergonomic hourglass shape and handy snap-closure hang loop.
- Basic sponge features a simple elastic tether.

URBAN GEAR PROTECTION

City living comes with its own environmental hazards: rain, slush, snow, and grit. That's why we created our Urban line, a collection of functional bags, packs and accessories that are designed to provide guaranteed protection—with a decidedly urban aesthetic—for everyone from the performance-first bike messenger to the eco-minded commuter.

QUICK CLIP™ CLOSURE

Our unique closure allows for one-handed operation and a secure closure every time.

M.A.P.™ SYSTEM

You'll find the Modular Accessory Pocket System throughout the Urban Line, making it easy to attach various urban accessories.

LIGHT LOOP

Be seen. Our Urban Shoulder Bags now include a light loop, low on each bag, for maximum visibility while riding.

Urban Shoulder Bag: Versatile gear protection for a fast-forward world.

These bags are built to last and look good doing it, with a light loop, gusseted interior pocket and convenient, cam buckle-adjusted shoulder strap, adding even greater visibility and usability to an instant success.

- Reflective QuickClip™ closure allows for one-handed access to your stuff.
- Easily attach accessories to the external M.A.P.™ System.
